TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Deerfield in the County of Rockingham in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at Town Hall in said Deerfield on Tuesday, the thirteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will raise and appropriate the sum of \$1,248.00 to be expended on Mountain Avenue, the State to contribute \$2,496.00.
4. To see if the Town will vote to instruct the Selectmen to hire money in anticipation of taxes.
5. To see if the town will vote to authorize the selectmen to appoint a Zoning Commission of three members, with duties as set forth in Chapter 51, Sections 50 - 71, Revised Laws of New Hampshire 1942, to study and recommend to a special

town meeting appropriate regulations to be enforced in the area around Pleasant Lake.

6. To transact any other business that may legally be brought before this meeting.

ROBERT B. SANBORN,
RUSSELL W. BOWDEN,
CARL M. FOGG,
Selectmen of Deerfield.

A true copy of Warrant—Attest:

ROBERT B. SANBORN,
RUSSELL W. BOWDEN,
CARL M. FOGG,
Selectmen of Deerfield.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS FOR 1951

February 1, 1951

To the School Board of Deerfield:

It is with a great deal of pleasure as well as a privilege to submit to you my fourth annual report of the Deerfield Schools. May I express my thanks and appreciation for your kindness and help in a difficult year and express a hope that because of world conditions you will continue to strengthen and support my efforts to bring to the children of the town a better life based on tolerance, sincerity, and human kindness through its educational development.

Although the schools continue to grow each year, we have not yet been forced to hire any more teachers, Mrs. Ethel M. Barney continues to teach the boys and girls at the South Road School; Mrs. Edna P. Benware is still teaching at the Parade School; and Mr. Richard D. Gale formerly of Milton Mills, an ex-service man in World War II, and the father of two children, was elected to the principalship of the Deerfield Schools and is in direct charge of the Center School. Mr. Gale is working on his master's degree at the University of Connecticut. He is a graduate of Mt. Herman Schools for boys, Clark University in Worcester, Mass., and has taken graduate work and undergraduate work at Rhode Island State College and the University of New Hampshire.

Probably the most important single accomplishment during the past year has been the building of the new, central elementary school. It is surely a monument to the future of Deerfield as well as of rural education in the State. At last after a period of nearly ten years all obstacles have been overcome and a modern, functional school building is a reality. It is so located as to not only give notice to all persons entering

and leaving the town that with its construction, we believe in the continued development of the best educational advantages so necessary to the coming decade, but also is a link with the past because it stands amidst the beauty and grandeur of God's hills. It is man's contribution to the universe of material things in Deerfield as well as a sounding board for future generations of Deerfield men and women

Great credit is due to those persistent individuals who, regardless of opposition, have finally seen the culmination of their work in this splendid educational structure. Not enough can be said about the great majority of the citizens of the town for the determined effort at the middle of the century to pass on to posterity an enlightened monument to the future citizens of the town and State.

It has been said many, many times that freedom is everybody's business in America. In this new structure is exemplified that symbol of freedom — the education of the youth of a free town to take their places in the highways and byways of the country to continue the most important phase of the American tradition.

A pleasure of significant importance to me is the fact that I am able to thank all those individuals, organizations, and other groups who have so kindly and generously made contributions and donations to the various departments of the new building without which our children would have been seriously handicapped and which would have placed a greater burden upon the taxpayer.

We are very fortunate in completing this building project at this time because of unsettled world conditions. Without doubt it would have never been started due to the lack of essential materials and funds if another year had elapsed. Let us hope that both the effort and generosity have not been in vain.

Every year the School Board spends considerable time and effort in order to make out a budget which will be fair to both the child in his educational development and the tax-

payer. This year has been no exception. It is no secret, however, that every taxpayer and every inhabitant of the town has felt the steady increase in prices and the constant rise in the cost of living. Nevertheless, competition is becoming keener and on a world-wide scale and progressive methods must be introduced to replace those processes of even a decade ago. Your School Board, however, has gone to great lengths to hold the school budget as close as possible to that of last year. With the exception of salaries, fuel, lunch program, new equipment, retirement, and indebtedness, the budget for 1951-52 will nearly coincide with that of 1950-51.

Again may I thank all organizations and groups as well as individuals for their faith in the American Way of Life as shown in the help received for the new school, the children, and the superintendent. Please continue that faith and help for the coming year.

Respectfully submitted,

MURRAY H. WATSON,
Superintendent of Schools.

NANCY T. STEVENS,
School District Treasurer.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Deerfield, New Hampshire, of which the above is a true summary for the fiscal year ending June 30, 1950 and find them correct in all respects.

JAMES W. FIFE, JR.,
Auditor.

July 14, 1950

THE GEORGE B. WHITE SCHOOL

Building Report

Your School Board herewith submits the following report on the progress made toward completion of your New School Building. This, of necessity, is only a partial report, up to February 1, 1951.

During the year your School Board received and accepted the following resignations of members of the Building Committee, Mr. Leon Fitch and Mr. Lester Maynard and appointed in their place Mr. Cornelius Short and Mrs. Ruth Pennell. After several meetings with this committee and the Board, Arnold Perreton and Associates of Concord, N. H., were named as Architects and instructed to draw plans for the building. These plans were finally accepted and Notices were published for general bids to be in the hands of the School Board not later than 4 P. M. June 14, 1950. On this date and time your Board met with the several Contractors and all bids were opened and publicly read. A total of six bids was received with the High Bid \$75,500 and Low Bid \$60,937.50. On June 19, 1951 the School Board and all Members of the Building Committee met with Mr. L. E. Martel and as a result of the meeting the Contract for the new building was awarded to L. E. Martel and Son of Manchester, N. H., at a contract price of \$56,288.70.

In addition to this general contract the following sub contracts were awarded. The low bidder was accepted in each case.

Chester H. Cummings, Tile Floors	\$766.00
Hubert W. Sly, Water Pump, Plumbing and Material	1071.34
Hubert W. Sly, Cellar Pump and Material	130.82
E. O. Foss, Cement Well House	200.00

Tasker Artesian Well Co.

2,300.00

The contract for drilling the well was awarded on a basis of \$5.00 per foot up to 200 feet and \$4.50 for each foot over 200 up to 500 feet. After drilling to a depth of 300 feet and receiving a water flow of between 2 and 2¼ gallons per minute, the School Board consulted with State Officials also an Engineer from the Bay State Artesian Well Co. and a Boston Engineer as to the advisability of drilling to a greater depth. All recommended that we continue drilling. Acting on this advice your Board called a meeting of the Building Committee and with all members present it was unanimously voted to continue drilling to a depth of 500 feet. The well now is 505 feet deep and with the extra storage capacity in the well and a 1,000 gallon underground storage tank, we feel that the water supply will be ample.

The Building is nearing completion and we hope to occupy it during the next two weeks.

Before closing this report, your Board would like to say just a word about transportation. On June 26, 1950 the Board posted Notices in several Public places calling for Transportation Bids on the following routes: No. 3, Lower South Road, Raymond Road, Pond and Parade; No. 4, Upper South Road and West Deerfield; No. 2, Coffeetown District; No. 1, Mt. Delight.

As a result of this posting, we received only two bids, both for Route 3. The School Board then made a personal canvas of the West Deerfield District and the other districts endeavoring to find someone who would be interested in transporting these children. We were unable to find anyone to take on these routes. After further study of the situation we decided that the only solution was to extend the Lower South Road Route to West Deerfield thus combining these two routes, also to combine the Coffeetown and the Mt. Delight routes. With this arrangement we succeeded in obtaining a Bid for the second Route. We submitted our proposal to

combine these routes to State Commissioner of Education Hilton C. Buley, and in a letter dated July 31, 1950 addressed to L. A. Stevens Chairman of the Board, Commissioner Buley replied as follows and we quote: "Since the Laws of the State of New Hampshire are explicit in requiring School Boards to provide certain specified pupil transportation, and since the Deerfield School Board has earnestly endeavored without success and at considerable effort to secure bids for the district's pupil transportation requirements for the school year 1950-1951, this office approves the proposal of your Board." "You and the other members of the School Board may be complimented on your initiative and energy in working out a satisfactory plan for transporting the children of your district to their proper schools."

When our routes were made and transportation contracts awarded last September, we realized that some of the children would have to leave home a little earlier in the morning than they had been accustomed to, until we moved into the new building. This was only a temporary measure as we expected to occupy the new building by Dec. 1, 1950. However, due to delays in obtaining certain materials and a shortage of skilled labor, it was impossible to have the building completed at that time.

Now as we are nearing the time when we shall be in the new building we shall be able to put the bus routes on an entirely new time schedule, which will in many cases make a difference of twenty to forty-five minutes later that the child will have to leave home in the morning.

We appreciate the cooperation that we have received from the parents during this temporary inconvenience and know that when the new time schedule goes into effect it will help the situation in many ways.

We would like to take this opportunity to thank all of the members of the Building Committee and to the many parents and citizens who have given of their time and assistance in

making the completion of our new school building a reality.

Respectfully submitted,

LEWIN A. STEVENS, *Chairman*
LESTER E. MAYNARD,
CAROLYN F. SCOTT,

School Board of Deerfield.
